
Sec. 66-52. Protection of equipment.

No person shall maliciously, willfully or negligently break, damage, destroy, deface, tamper with or remove any equipment or materials which are a part of the sewerage system, or any equipment or materials used by the city or ADEM for the purpose of making waste examinations and waste flow measurements and left upon the premises of a user discharging wastes into the sewerage system. Only persons authorized by the city or ADEM will be allowed to uncover, adjust, maintain and remove such equipment and materials.

(Code 1992, § 13-26; Ord. of 3-15-1983(1), § 12)
